

Business Coaching & Mentoring

ANN HOLMAN
Director, Mentor & NED

Mentoring is a brain to pick, an ear to listen, and a push in the right direction.

John C. Crosby

The delicate balance of mentoring someone is not creating them in your own image, but giving them the opportunity to create themselves.

Stephen Spielberg

A Bersin by Deloitte research study revealed that organizations that are effective at coaching are: **130%** more likely to have strong business results & **33%** more effective at engaging employees.
